MHEG is the Montana Higher Ed Grant. It is awarded to Montana residents attending Montana instutions who show financial need. The state match is dollar for dollar of federal funds. At the Federal level, this grant is now called LEAP (Leveraging Educational Assistance Programs).

SEOG is the Supplemental Educational Opportunity Grant. The purpose of this program is to provide assistance to students who are in undergraduate degree or certificate degree programs who have not previously received a B.A. or B.S. degree. The federal share is not to exceed 75% of awards.

PERKINS Loan Funds provide low-interest loans to students who are undergraduate or graduate students. The state must match 1/3 of the Federal contribution.

The STATE COLLEGE WORK STUDY Program provides 70% of the students' wages.

The BAKER GRANT was created by the Board of Regents in 1997 to provide assistance for working Montana students. SLEAP is federal dollars. A portion of SLEAP is used to include the 4-year private colleges in the MTAP Grant Program.

The WICHE Professional Student Exchange, WWAMI Medical Exchange and Minnesota Dental Exchange programs are cooperative education agreements which provide Montana residents with educational opportunities in professional fields that are unavailable in the State of Montana.

Note: In FY 2008, the two beginning dental student slots at the Minnesota dental program were reallocated to the WICHE dental program, as all eligible Montana dental students selected WICHE dental school offers of admission over offers received from the University of Minnesota.

<sup>\*</sup>Existing MRPIP contractual obligations extend through FY 2013 in the amount of \$804,500 since loan repayment benefits are disbursed over a period of up to five years.

The Board of Regents assesses a fee to students enrolling in a professional school on or after 7/1/92, preparing to be physicians in the fields of medicine or osteopathic medicine who are supported by the state pursuant to an interstate compact for a professional education program in those fields, as those fields are defined by the compact. The fee will not exceed 16% of the annual individual medicine support fee paid by the state pursuant to 20-25-804, MCA. Funds in this account are statutorily appropriated to the Board of Regents to be used to pay the medical education debts of rural physicians who practice in medically underserved areas of the state that demonstrate a need for assistance in physician recruitment and the expenses of administering the rural physician incentive program.

The Rural Physician Trust Fund currently pays up to \$45,000 over a 5-year period to qualified physicians who practice in medically underserved areas in Montana. Effective July 1, 2009 the maximum loan repayment benefit for new participants will increase to \$100,000 over a one-to five-year period of service.

#### \* \* \* PROGRAM DESCRIPTION \* \* \*

Montana GEAR UP operates under a six-year discretionary federal grant awarded in 2005 by the U.S Department of Education to the Office of the Commissioner of Higher Education. Montana GEAR UP believes that postsecondary education is possible for all Montana students, regardless of economic background, and strives to empower them to realize that ambition. Montana GEAR UP brings this message to middle and high schools, students, parents and the community through early college and career awareness activities, scholarships, financial aid information, and improved academic support to help raise the expectations and acheivement of all. The program serves an entire cohort of students beginning no later than the seventh grade and follows the cohort through high school. Grant funds are also used to provide college scholarships to GEAR UP students.

#### \* \* \* PROGRAM DESCRIPTION \* \* \*

The federal Carl Perkins Vocational and Applied Technology Education Act provides funds to support career training and technical education. The formula and competitive grants fund equipment, faculty and other support directly to vocational education programs in two-year postsecondary institutions. Tech Prep grants are allocated across five regions in Montana to support planning, collaboration and integration of the vocational education infrastructure and curricula at postsecondary institutions in each region.

The program is required to maintain \$90,091 in general fund support of administrative costs for both Carl Perkins and Tech Prep. The fund has a 5% cap which is shared with OPI.

\$1,728,541=unallocated FY2009 budget

GSL operates under federal regulations which require the agency to account for FFELP activities and other student loan activities in an agency operating fund. Revenue for loan processing and issuance, account maintenance, default aversion and GSL's share of collection recoveries are recorded in the operating fund. With the College Cost Reduction Act and the increased loan limits, the collection recoveries share was increased to accommodate increased expenditures. In addition, GSL will be incurring moving costs and an increase in the loan servicing system.
