Authorization to Expend Student Computer Technology Fees

The University of Montana - Helena College of Technology

THAT

The Board of Regents authorizes, in accordance with Montana University System Policy 940.23, the expenditure of up to \$40,000 of previously collected student computer technology fees for the purchase of 20 classroom/lab computers for student use and 1 server and rack for student instructional use at the college.

EXPLANATION

The 20 classroom/lab computers are part of our normal replacement schedule where two computer labs, one in the fall and one in the spring, are updated each year. UMH currently has eight computer labs on campus which means that lab computers are used for four years and then replaced. The server is to replace aging equipment utilized in networking and systems classes.

This proposal was presented to and approved by the Associated Students of UM-Helena on October 6, 2010.
