**Recommendations from Regents' Workgroup**

---

**THAT**

The Board of Regents adopts the recommendations from the Regents' Workgroup on Reform and Reinvention.

---

**EXPLANATION**

Over the past year, the Regents' Workgroup on Reform and Reinvention explored ways to increase efficiency, productivity, and quality in the Montana University System.

The end result of the Workgroup's year-long effort are two recommendations intended to augment the MUS Strategic Plan:

- a) ***Guiding Principles for Planning*** - designed to ensure that the MUS is communicating the process and cycle for evaluating and updating the Strategic Plan that is inclusive of all major constituents; and
  - b) ***Success Agenda*** - to help guide the Board of Regents and the entire Montana University System in efforts to increase efficiency and effectiveness.
-
