Dear Board Members,

On behalf of Carroll College, I am writing in support of the proposed changes to Section E of Policy 221 – Authorization to Operate Postsecondary Institution in the State of Montana as found in the Board of Regents' Policy and Procedure Manual. This revision will ensure that the state process for authorizing private postsecondary institutions in Montana meets the minimum levels of oversight required by the Department of Education.

We are most grateful for the initiative provided by the Office of the Commission of Higher Education to make these changes so private institutions do not lose eligibility to receive Title IV funds. If you should have any questions or need further clarification, please do not hesitate to call upon me.

Sincerely,

Thomas M. Evans, PhD  
President
