

PRESENT LAW PRELIMINARY BUDGET ESTIMATE

MAY 2014

The construction of Executive Planning Process Present Law Budget preliminary budget estimate for the 2017 biennium includes the assumptions outlined below.

Restoration of Base Expenditures:

The following examples are base budget expenditures removed during the 15 biennium budget build process. These expenditures had to be requested via a decision package (DP) presented to the Legislature. OCHE is working with OBPP& LFA to find solutions to properly capture University System base expenditures. A restoration DP that is not approved or is reduced by the Legislature becomes a base budget reduction.
