1											
Each MUS campus should have a licensed mental health clinician											
on staff or have readily available through contract services											
(counselor, social worker, psychologist, mental health nurse											
practitioner, mental health physician assistant, or psychiatrist)											
with new funding provided for campuses that do not currently											
have licensed clinicians on staff to assist with accurate diagnosis,											
effective treatment, and appropriate follow-up.	Х	X	Χ	X	X	X	Χ	X	X	X	X
2 The MUS and campuses should establish guidelines to ensure											
appropriate individuals and groups are receiving evidence-based											
suicide prevention training.	Х	Х	2018	2018	Х	Х	Χ	Χ	2018	X	2018
3 The MUS and campuses should develop a formal process by											
which staff across campuses can consult with each other about											
programming and services.	2018	2018	2018	2018	2018	2018	2018	2018	2018	2018	2018
4 MUS campuses that provide medical care on campus should											
adhere to the recommendations outlined in the United States											
Preventive Services Task Force (USPSTF) report on depression											
screening.	Χ	Х	Χ	N/A	Х	Х	Χ	N/A	N/A	N/A	N/A
5 MUS campuses should complete the Task Force's survey to											
establish baseline practices, obstacles to implementation, needed											
resources, and later complete a follow up survey to measure											
outcomes.	X	X	Х	Х	Х	Х	Х	X	Х	Х	X
6 The MUS should provide necessary resources, including											
compulsory ongoing training for mental health professionals and											
the formation of a depression screening consortium to encourage											
implementation and overcome obstacles.	2018	2018	2018	2018	2018	2018	2018	2018	2018	2018	2018
7 Conduct campus assessments including review of campuses											
environments for access to lethal means, and create											
services/policies to help restrict access to means; including											
review of policies and practices related to prescription drugs and											
firearms.	Χ	Х	Χ		Х	X	Χ	X	Х	Х	
8 Review potential programs and policies that could enhance											
student safety and implement a system-wide protocol and											
tracking system for suicide attempts and completions.	Х		Χ	х	Х	х	х	х	Х	Х	
9 Increase partnerships with other mental health and suicide											
prevention stakeholders, increasing communication between all											
involved, developing efficiencies and best practices and sharing											
resources to combat student mental health issues and suicide											
from a holistic approach.	X	Χ	Χ	Χ	Χ	X	Χ	X	X	Χ	X
10 The MUS should explore funding/resource availability and

students.	Х	Х	X	Х	Х	Χ	X	Х	Х	Х	Х
11 The MUS should host a biennial summit on student mental health											
and suicide prevention.	X	X	X	X	X	X	X	X	X	X	X
