ITEM 183-102-R0519

Revision to BOR Policy 940.3 – Mandatory Fees

THAT

The Board of Regents approve a revision to BOR Policy 940.3, striking language that exempts UM Law School students from paying regular student activity fees.

EXPLANATION

This item is a follow-up to the work completed by the MUS Fee Taskforce in 2018. In May 2018, the Taskforce brought forward a series of recommendations that consolidated and updated fee policies into a new overarching policy. One item that was left unresolved was the exemption for UM Law School students from the student activity fee. Since then, UM has determined that the student activity fee will be charged to all of its students, thus eliminating the need for the exemption language in Policy 940.3.
