

**November 18-19, 2021**

**ITEM 197-110-R1121**

**Request for Authorization to Revise Board of Regents Policy 1002.2 – Vehicle Policy and Procedures**

---

**THAT**

That the Montana Board of Regents adopts the recommended revisions to Board of Regents Policy 1002.2 – Vehicle Policy and Procedures.

---

**EXPLANATION**

The proposed revisions complete the phase-out of campus passenger vans that began in 2010 due to high rollover risks. Additionally, in consultation with the Risk Management and Tort Defense Division, due to high-risk liability exposure, revisions to the policy prohibit the use of transit buses to transport occupants outside the county limits in which the campus is located. Campuses are encouraged to explore other options including 15-passenger steel-framed buses, 10-passenger vehicles, or charter options where the company provides liability insurance.
