EXPLANATION

The Helena College University of Montana recently began the strategic planning process. As the first step in that process, the campus worked to review and revise the mission and vision statements. These new statements are the result of an inclusive process that involved all members of our campus community.

Current Mission Statement: Helena College, a comprehensive two-year college, provides access to and support to high-quality lifelong educational opportunities for our diverse community.

Revised Mission Statement: Helena College supports our diverse community by providing the paths and tools necessary to assist learners in achieving their educational and career goals.

Current Vision Statement: Helena College will be recognized as a responsive regional provider of comprehensive educational opportunities, as a partner in economic and community development, and as a diverse and accessible community of learners. Helena College will promote excellence in education, maintain fiscal and operational integrity; and cultivate an environment of fellowship, inclusiveness, and respect.

Revised Vision Statement: Helena College aspires to empower our students through impactful, affordable, lifelong education that is responsive to the needs of our community in ways that are enriching, collaborative, and equitable.
