ITEM 207-104-R0723

Request to Revise Board of Regents Policy 940.13- Tuition Waivers and Discounts

THAT

The Board of Regents approve revisions to BOR Policy 940.13 – Tuition & Fee Approval

EXPLANATION

The proposed changes address the Honorably Discharged Veteran Waiver outlined in the policy and better align this waiver with others covered under this policy. Updated language removes the requirements that Veterans must have served in war and received a medal to qualify. The policy continues to require Veterans to elect to be eligible for educational benefits through the VA; such benefits must be exhausted or expired to be eligible for a waiver. The proposed changes detail that these waivers are now applied as last-dollar awards, up to the amount of resident tuition only. Lastly, the revised policy also addresses previous limitations to the waiver being applied for a first associate's or bachelor's degree.
