Request for Authorization to Replace the Fitness Center Roof; Montana State University

THAT

Consistent with MCA 20-25-302 and BOR Policy 1003.7, the Board of Regents authorizes Montana State University to expend up to \$1,000,000 to replace the existing roof at the Fitness Center.

EXPLANATION

1. The existing roof of the Fitness Center is approaching the end of its useable life.
 2. The existing roof leaks regularly beyond the viability of simple patches.
 3. The existing roof needing replacement is outside the scope of work of the Student Wellness Center project.
 4. The University will benefit from simplified logistics, improved safety, and better pricing to complete the replacement while the area is closed for the construction of the Student Wellness Center.
