

Why explore a single Learning Management System?

IMPROVE THE STUDENT & FACULTY EXPERIENCE

A single LMS review is an opportunity to evaluate what faculty and students need in a new era of teaching and learning.

LOWER LICENSING & SUPPORT COSTS

Similar states have achieved licensing fees 20-40% lower than the MUS by moving to a single provider.

FACILITATE SEAMLESS ACADEMIC COLLABORATIONS

A single LMS can help make academic collaborations, including course sharing and distributed programs, possible and seamless.

Fall 2019 Lower Division Course Offerings

(with and without sharing online courses)

■ Course Offerings w/o Sharing ■ Course Offerings w/ Sharing

Discipline: Chemistry

This Montana Transfer Pathway outlines the knowledge and skills that are essential for students to complete during their first two years of study for a major in Chemistry. The coursework described below will meet degree requirements at all Montana University System campuses offering majors in Chemistry. If you complete this coursework successfully, you will be well-positioned to finish your degree with an additional two years of full-time study at your transfer college.

Lower-Division Major Requirements

January 2020 travel time
to a respiratory therapy
offering in Montana

September 2021 travel time
to a respiratory therapy
offering in Montana

What experience do our students and faculty expect from a modern LMS?

What features and tools do we most need?

What features and tools will we need as our offerings and pedagogies evolve?
