

New Art Building

MUS-AO-01

Montana State University Billings

Project Cost: \$13,400,000

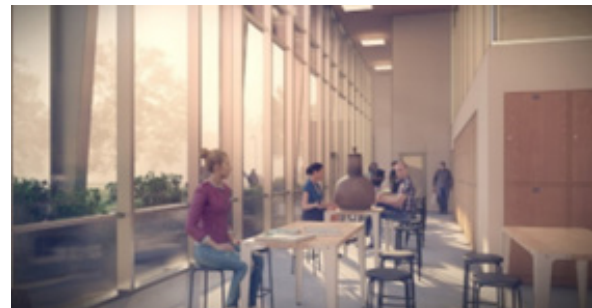

Long Range Building Plan Request

The project will provide the MSU Billings Art Department with a 12,500 square foot facility dedicated to art teaching spaces, studios, offices, and gallery space for students. The new building will replace the defunct Art Annex Building.

Existing Condition

- The existing Art Annex Building has significant life-safety issues and building system failures and is planned to be demolished once replaced.
- The campus has no appropriate alternative spaces for the Art Department.

Benefit to MSU Billings

- A dedicated and innovative facility to meet the needs of the MSU Billings Art Department which offers four degree options and eight studio areas of emphasis including Art History, Ceramics, Painting, Drawing, Printmaking, Photography, New Media, and Sculpture.
- Support student learning, creation, and enjoyment of arts on campus.
